– Chadd Justsen – Infrastructure Lead Systems Engineer, Medical Solutions

"T2M is incredibly responsive and always available to address our needs."

– Mike Jones – VP Information Technology, Stage Stores

Who we are:

T2M is a different kind of cloud partner. We specialize in the migration of critical client applications from on premises to the cloud, from development to deployment to delivery. Whether you're just beginning a project or looking for ongoing support, T2M has solutions built to address your needs.

Unlike the big box vendors, T2M addresses the need to combine the benefits of a hyperscale cloud infrastructure with the **system integration** expertise and personalized ongoing support needed to make the product consumable. T2M's operational framework integrates these elements to create maximum benefit and return on investment.

T2M engineers are certified and experienced with Microsoft and AWS cloud solutions. If you want a partner who can understand your challenges, create a path forward, and be there for the long term, think T2M Works.

T2M has earned a reputation for superior engineering, process and delivery excellence, and **relationships** that grow stronger during the toughest challenges. Clients choose T2M because of a superior support philosophy and the recognition that **experience counts**. T2M becomes a true partner and is dedicated to your company's success.

Realizing ideas.

Clearing the obstacles.

Illuminating the path ahead.
